Congratulations to the W&RSETA RMDP Class of 2017

The W&RSETA congratulates the 360 delegates who successfully completed the 2017 Retail Management Development Programme (RMDP). Graduation ceremonies to certify the delegates were held in Johannesburg, Cape Town and Durban during the month of April. The RMDP was launched in 2012 as a collaborative response to the skills gaps within the middle management complement of the Wholesale and Retail Sector. Delegates are equipped with the necessary skills to become effective managers through the RMDP. Its main objective is to improve and increase the pool of skilled middle management in retail.

With the graduation of the 360 delegates, the RMDP boasts a 1738-member Alumni of middle managers who are changing the business usual of wholesale and retail in South Africa.

I urge employers to put the delegates back to work, to implement their newly-acquired skills and knowledge, and to ensure that the sector derives the maximum benefit from the Programme

~Honourable Naledi Pandor, Minister of Higher Education and Training

"Creating a skilled management pool for the Wholesale and Retail Sector"
