

## “Recovery and Reconstruction of the Wholesale and Retail Sector: Working towards Post COVID-19 Pandemic”

The W&RSETA invites its stakeholders (large, medium, small companies and informal traders; TVET colleges and HET institutions) to participate in the 2022/2023 annual Provincial Skills Plan consultations and engagements.

The purpose of these sessions is to interact with stakeholders to solicit inputs on critical areas around skills development, economic and labour market to mitigate the impact of COVID-19. The input will assist the W&RSETA in implementing a PSP that reflects the skills priorities of the Wholesale and Retail Sector.

Consultations and engagements be facilitated through interviews, online surveys, focus group discussions and workshops either virtually or physically:
