

## RESEARCH COMMUNIQUÉ

Sector Skills Plan (SSP) 2012/13 update

The Department of Higher Education and Training (DHET) requires SETAs to update their sector skills plan (SSP) annually. In accordance with this principle, we are in the process of updating our Sector Skills Plan (SSP) 2012/13.

The SSP is a very critical and strategic document that identifies sector skills needs and informs our skills training programmes and interventions. The consultation and involvement of our stakeholders in this process is very critical and paramount as it enables us to deliver the best possible training and set up future skills training interventions in the best possible way.

We believe that your participation as a key stakeholder in this process would be valuable and would assist in identifying scarce and critical skills needs for the sector. As the W&RSETA, we are fully aware that inadequate stakeholder involvement is one of the most common reasons programmes and projects fail. Therefore, our perception and commitment as the W&RSETA is that every effort should be made to encourage broad and active stakeholder participation and engagement. We believe that our stakeholders can make a significant and meaningful contribution to this process. The questionnaire can be returned to: [ssp@wrseta.org.za](mailto:ssp@wrseta.org.za) or faxed to 086 506 7020.

We thank you in advance for your time and cooperation. Enclosed with this letter is the questionnaire.

**Andile Sipengane**
