4.2 What needs will the Learnership address?

This qualification is a direct outcome of the revision of the former National Certificate: Service Station Operations NQF Level 2, NLRD ID: 48969 the demand is based on the transformation of the existing qualification into a qualification that meets the needs of the fuel retail industry, supporting the principles of the NQF and providing flexibility of bridging into a supervisory type qualification with a strong customer focus.

The National Certificate: Service Station Operations, NQF Level 2, is designed to meet the needs of the learners who are already employed at service stations. It further allows access to, and meets the needs and aspirations of youth and the unemployed who wish to pursue a career in service station operations, or in fields where this learning may be useful. This furthermore includes adult learners who want to enter the arena or develop their careers in service station operations or the related sub-fields. Since this Certificate is part of the learning pathway it will allow mobility to persons operating at any level in the field.

The development of competence in this field will lead to world-class service delivery, company longevity, the promotion of wealth and job creation. Application of the learning achieved in completing this qualification will also assist employed and unemployed persons to enter other industries where they will be able to apply this learning in a practical context.

The impact of this Certificate on society and the economy is reflected in the multiple job roles and careers that can stem from the qualifications, including self-employment opportunities, job creation opportunities and the development of, or entry to learners who are employed with the private or public sector. It can further stimulate and support skills development for emerging business owners. The range of learners would include school leavers, youth, unemployed, emerging fuel retail business owners and those already employed at the appropriate level desiring learning and growth opportunities as well as the self employed.

The added value of skills, knowledge and understanding development by the certificate will be evidenced by greater productivity resulting from the improved performance by the learner due to the integration of learning which will have taken place in the work workplace

4.3. What is the specific purpose of the Learnership?

The purpose of this qualification is to equip learners with the required knowledge, skills and attitudes to function in a fuel retail environment by providing learners with the underlying principles of all of the major areas related to the Fuel Retail industry, thus enabling them to become effective employees, employers and/or self-employed members of society. The National Certificate in Service Station Operations further aims to provide career paths with associated Learnerships through various levels and areas of the Fuel Retail industry and the wider Wholesale and Retail industry thus promoting the notion of quality lifelong learning.

This Certificate will provides learners with a solid basis in all areas of fuel retail. This will enable them not only to understand the South African context of this sub sector but also to use this learning in various business environments. It will also assist in changing perception on the status and functional level of service station operation in the work place. This qualification will provide the service station operators with pride, self worth and enhance their morale in their chosen career.

This Certificate will form part of a learning pathway for individuals functioning or aspiring to function within a fuel and/or retail industry. It further forms part of learning pathway for individuals that intend embarking on fuel retail related qualifications that will span across level 2 to level 5 on the national qualification framework. This qualification resides on level 2 on the NQF. It is an entry qualification for individuals performing forecourt operations and convenience store operations. In respect of the forecourt operations, this qualification is aimed at forecourt Attendant, Supervisors and Car wash attendant. In respect of the convenience store operations, this qualification is aimed at the Cashiers, Merchandiser, and cleaner and food handlers. Thus there will be a ready progression articulation within the qualification and across the various operations. Further there will be a ready progression of learning from Level 2 upwards, ultimately culminating in a qualification at NQF Level 5. There will also be articulation between this qualification and related wholesalers and retail qualifications as well as food preparation related qualification.

Qualification learners will be able to know and do the following:

- Planning and organizing of job requirements.
- Knowledge of legislation regarding safety, health and environment.
- Problem solving and decision making.
- Self management and teamwork.
- Improved communication skills.
